

ORIENTATION OF FAMILIES

Enrolment and orientation to any Early Education and Care Service is an exciting and sometimes, an emotional time for children and families. It is important to manage this time with sensitivity and support, building partnerships between families and the Service and importantly, trust with the child. Such partnerships enable the Service and families to work toward the common goal of promoting consistent quality outcomes for individual children and the Service.

PURPOSE

We aim to ensure children and families are provided with an orientation procedure that allows the family to transition into the Service positively and well-informed, meeting the children and families' individual needs. We strive to establish respectful and supportive relationships between families and the Service to promote positive outcomes for children whilst adhering to legislative requirements.

SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

IMPLEMENTATION

Orientation is an important process for children, families and educators to gain vital information about the individual child's needs, interests and strengths. To enable children to feel safe and secure, and to set the foundations for a trusting partnership, we feel that it is necessary for the family to attend an orientation visit. This visit, or visits, assist the child to adjust to a new setting and helps to make the transition from home to the Service a smooth and positive experience.

During orientation, educators will discuss the following in order to gain a better understanding in supporting the family:

- the cultural and/or linguistic background for families from non-English speaking backgrounds (external support may be required)
- the family's needs in relation to work or other commitments
- days and times child care is required
- the family's previous knowledge or experience of other children's services
- any additional needs of the child and/or their family
- any court orders, parenting orders that are applicable to the child
- service philosophy and curriculum
- the child's interests
- family goals and expectations
- any allergies or dietary needs for the child
- emergency or health care plans for the child if relevant
- the Service and room routines.

MANAGEMENT WILL ENSURE:

- the orientation process is well organised, flexible, and informative

- the child and family visit the Service and familiarise themselves with the environment. The child may participate in the activities and experiences if they feel comfortable.
- the family and child/children are introduced to the educators in the room
- to create a welcoming environment and interact positively with the child and family
- the child and family are respected at all times, acknowledging the individuality of each parenting style
- families are encouraged to ring, email, or visit the Service as often as they like when their child has commenced care
- the child is allocated a focus educator
- families are reassured that if the child is distressed over a long period of time the educators will contact them
- support agencies are contacted for children with additional needs
- families know how to provide feedback
- families are informed that critical information from their child's enrolment form is communicated with educators- (emergency contacts, authorised nominees, court orders, immunisation status, medical and health conditions where relevant)

EDUCATORS WILL:

- greet children and families upon arrival
- create a welcoming and inviting environment
- discuss with families the best transition process for their child
- encourage families to stay as long as they need to in order to reassure their child
- encourage families to say good-bye to the child when dropping off
- phone families if the child remains distressed
- seek information about the child and family throughout the orientation process

DURING THE ORIENTATION OF THE SERVICE, FAMILIES WILL BE:

- provided with the Service enrolment form to be completed (assistance to complete this form is available if required)
- provided with an outline of the Service policies, which will include payment of fees, sun safety, incident, injury, trauma and illness and medical authorisation.
- advised of the enrolment fee and bond (if applicable)
- provided with information about Child Care Subsidy (CCS) and myGov website
- provided with a Family Handbook

- asked to provide their child's immunisation history statement when enrolling their child- Australian Childhood Immunisation Register
- shown the signing in/out process
- provided with information about the software app our Service uses for CCS, communication with parents.
- advised of appropriate clothing for the child to wear to the Service, including appropriate shoes
- advised of what the child will be required to bring each day (water bottle, hat, change of clothes)
- informed about policies regarding children bringing in toys from home
- informed about wearing sun safe hats and application of sunscreen
- introduced to the child's educators
- taken on a tour around the Service
- shown where children's belongings will be kept each day
- informed about meals, snacks and drinks provided by the Service
- required to discuss medical management plans and allergies (if applicable)
- introduced to the room routine and Service program. This includes portfolios (if applicable) and the observation cycle.
- informed about communication methods including meetings, interviews, newsletters, emails etc.
- invited to set family goals for their child
- asked to confirm their preferred method of communication.

ROOM TRANSITION- Moving up and moving on

When children transition to a new age group or room at the end of the year, our Service ensures we provide information to parents and families and opportunities for the child to become orientated to their new educators, environments and peers towards the end of the year.

We encourage parents and families to ask questions to support their child's transition and overcome any potential anxiety.

- Children will only be transitioned when they are ready in all aspects of their development and in accordance with their age
- Room transitions will occur when there is a vacant position for the child
- Management will consult with families when a child is transitioning to the next room, discussing their expectations and requirement to ensure the child settles into their new environment.
- Management and educators aim to ensure the transition between rooms is positive and smooth, communicating with families about how the transition is progressing.

- Management will invite families to information evenings/sessions to discuss room transitions at key times in the year.

EVALUATION AND FOLLOW UP

Once the child has attended the Service for a few days, educators will ensure they:

- speak directly with the family to ask how their child and the family has settled into the routine of childcare
- welcome any questions or concerns the family may have
- provide information to the family of how their child has settled in these early days (interests, friends, songs they like to sing, craft activities etc.)
